Radio Brings Chicago To Oklahoma Farms Of Old Residents

Dover, Oklahoma, Jan. 25, 1927.

Mr. H. C. Padlock & Sons, Publishers of Cook Co. Herald.

Dear Sirs—Enclosed you will find money order of \$2.50 for another year's subscription. We are all glad to see your paper every week and read of our old Illinois friends.

We are here almost twenty-six years so there are lots of names in your paper unknown to us. For the last year or two Illinois seems very close to us at times as we get programs from Zion, Sears-Roebuck and many other stations over the radio.

At present we are in the grip of winter, have been having sleet and snow for the last two days and nights. We had pretty wheat pasture for our stock until this storm.

We are all well hoping the same of you all.

Yours truly,

Chas. Wehrenberg,

we are going to publish the scores of the league games. We got them too late for this week.

Among the other matinee games was one last Saturday night between the Ravenswood stars and Palatine. Palatine had 2726 pins and the visitors 2699.

Mr. Heim of the latter team had 238 as high, while Walter Witt rolled 202 as high for his team.

In the set between the second teams of these two towns Palatine was also victorious, winning by 2389 to 2304.

Palatine is waiting for the outcome of the Arlington Heights tournament between the north and south side teams of that town. There has been a lot of wind coming to Palatine from the southeast about the wonderful all star team that would average old scores by trimming Palatine. Well, Palatine is waiting for the trimming.

The Palatine recreational alleys are for rent to clubs, churches, lodges and parties. Reservations can be made by calling Phone 38.

Palatine High School Team Will Play With Barrington Friday

After two weeks of idleness in the Northbrook reference circuit, the Palatine high school basketball team will again take up the task of keeping in the lead of their many worthy rivals, by meeting the Barrington team at Seip's hall this coming Friday night at 7:30.

Barrington hasn't had any two successful seasons to date, so they are coming to Palatine with plenty of fire in their eyes. It is well known that Barrington's followers would consider the season a success if they could eke out a win over Palatine on the latter's floor.

It is just this kind of a team that often upsets the aspirations of leading teams and the Palatine lads will have to go at tip top speed to evade their rivals from the west.

Coach Kincaid announced today that the game will be limited due to the crowded auditorium of the hall. The doors will be closed as soon as the capacity of the hall is reached. H. L. Matte of Maywood and G. M. Fisher have been engaged to handle the game.

Watkins to our National Commander Howard P. Savage for the year 1927.

Now those of you who haven't as yet paid up your 1927 dues please get in touch with our adjutant, Fred W. Humerberg who will be glad to give you the \$27 membership card and for a small amount of (\$3.00) three dollars.

Paul D. Wilson, Com. Palatine Post 690.

OBITUARY

HARRY H. FARRER

Harry H. Farrer was born March 11, 1835, in Saxon-London, Maine, and died Jan. 27, 1927, in Palatine, Ill., aged 91 years 10 months and 16 days. He came to Palatine in 1899, where he has worked with Mrs. Patten, Mr. Morehouse, Mr. Dean, and others.

In 1891 Mr. Farrer was united in marriage with Mary Hunsinger. The couple have lived in Palatine continuously ever since.

For the past 25 years, Mr. Farrer has been an invalid with rheumatism. A year ago he was stricken with flu and pneumonia, from which he did not recover. The last 14 weeks of his life were spent in bed, while his strength constantly failed. His mind however did not lose in vitality as did the body, but maintained its keenness until the very end. His wife, Mary, has lived a perfect life of service during the quarter of a century of her husband's illness. It is remarkable that after so long a life, when the flesh had largely lost all ability to respond to the commands of the mind, his feeble voice and errant lips were continually striving to sing the old hymns he had learned in Sunday school in the boyhood so long before. These songs: "Near-er My God, to Thee," "Homeward Bound," and "The Home Over There," were sung by a quartette from the Methodist Church at the funeral.

He leaves to mourn: his wife, one sister in law, one brother in law, 5 nieces, and 6 nephews. Most of whom were present at the funeral services. Besides a host of friends.

Interment was in Stables Corner cemetery. Reverend W. C. Stauffer officiated.

BASKET BALL PLAYERS WIN AFTER DEFEATS

Bensenville Had Enough Basket Ball for One Night, Friday, January 26

The preliminary game played between the Freshmen and a team chosen from the grades was hotly contested in fact more so than either of the other games played during the evening. Both teams played a blocking game not making many baskets themselves or letting the other side so either. The final score was 4 to 1 in favor of the Freshmen.

The second game was played between Bensenville high school first team and light weight alumni team of Elmhurst York school and to say that the Elmhurst boys knew the game to perfection would be telling nothing but the truth. At the end of the first quarter the score stood 5 to 1 in favor of York. At the end of the second quarter it stood 5 to 4 favor York boys. At the close of the quarter 15 to 10 and at the close of the game the score was 24 to 14 favor the York boys. There was no changes in the York line up throughout the game; but for Bensenville Rasmussen out of second quarter and Earhart played instead, in the third quarter Franzen taken out and Rasmussen put back and in the fourth quarter Franzen went back in place of Earhart. At no time was the York boys in danger of losing the game as any of their players were able to make a basket even when throwing the ball nearly the full length of the hall. Bensenville was able to block a lot of these throws but any time the visitors got a hold of the ball everybody felt like saying "Bye Bye Black Bird" for it was pretty sure to hit the nest. The Bensenville team did some good playing in order to run up the score that they did against so strong a team. All who witnessed the game realized the fact that our boys are improving and playing with teams like the York Alumni sure teaches them a lot about the game even if they do lose. They are good sports and keep on playing believing that in time they will have a game winning team. The third game between Bensenville, second team and Bartlett was all one sided. First quarter score stood 5 to 0 at end of second quarter 13 to 0, at end of third quarter 17 to 1 and at end of game 17 to 4 in time in favor of Bensenville. Earhart was played one quarter in this game but as the Bartlett boys were too light for Bensenville he was taken out and never played in his place to even the teams up better. The Bartlett boys, who we are informed, have no so large enough to practice in so their work has all been done out doors and they were lost for a time on the floor. However they did some beautiful work in the last quarter and were cheered even by the Bensenville rooters for their effort to try and even things up a little even in the last quarter. There was a good attendance. Mr. Baker of Franklin Park acted as referee and Mr. Puffer of Elmhurst as coach. Those interested in the activities of the teams should watch for the announcement of the next game and arrange to attend as the season is now getting close to the end. Baraca Class of the Evangelical Sunday school hold monthly meeting. Thursday evening the Baraca class met at the home of Rev. Rander. A part of the business of the evening was the election of officers for the coming year. Wm. Peck was elected president; J. Stueve, vice president; Frank Earhart, secretary and treasurer; Sam Kleinschmidt Ass't. Secretary. Four new members joined the class at this meeting. Dinner, served at 7 p. m., was in charge of Mr. Pearl of Lombard who was demonstrating the "New Way to Cook," and represented the Wear Ever Alumni Co. He prepared the entire meal without the use of water except for washing the vegetables and for coffee. All enjoyed his meal and listened to his explanation of how the meal was prepared. After Mr. Pearl's departure the Baraca class preceded with their regular business meeting. All departed at 10 p. m. having spent a very enjoyable evening at the parsonage.

Death Takes Young Girl Injured In Basket Ball Game

Franklin Park was saddened by the death of Lorraine, seventeen year old daughter of Mr. and Mrs. M. J. Hennessey, which occurred at their home on Washington street, Jan. 27.

Lorraine was born Nov. 2, 1909 and always lived in Franklin Park. She was a Sophomore in the Leyden Township High school but was compelled by failing health to leave school in the middle of her sophomore year.

The cause of death was given as heart trouble due to an accident occurring when playing basket ball in Oct. 1925. Had she continued in school, she would have been a senior this year.

She was much loved by all who knew her and will be greatly missed in the home and school. Many friends of the family extend sincere sympathy in their bereavement. The funeral was held Monday, Jan. 31 at St. Gertrude's church and burial at St. Joseph's cemetery at River Grove. Besides the parents, there remain four sisters and a brother to mourn their loss.

Governor-elect Johnson of Oklahoma named one man on his staff who has been dead for four years. At that he probably would be able to discharge the duties of the office in an entirely satisfactory manner.

We regret to hear that Louise Horney has left the National Tea Company. Her many friends will surely miss her smiling face and cheerful service.

Sunday night services at the M. E. church are growing larger. The orchestra is quite an addition to the service. One never knows the talent there is in a community unless it is used. We hope to have an addition to the orchestra soon. We will take the challenge that we have not only the best choir, but the best cooking set of young people. How's that? Come on.

St. Gertrude's congregation planned a grand reception for their new pastor, Rev. Peter Lieser, a genial gentleman who comes here from a long service as priest of the Catholic church at Plainfield, Ill., where he was greatly loved as their pastor. The event was a complete success. About 350 people partook of a good supper in the church hall, Wednesday evening. The program started with singing by the large choir of young people with well trained voices.

Mr. B. C. Dolan who has the dignity and appearance of a priest, was the official toastmaster. Father Lieser led the congregation with the blessing then the 300 diners were all comfortably seated at tables in the spacious hall with plenty room and waiters enough to give prompt service. An orchestra furnished music. The toastmaster recounted the previous history of the parish and was heartily by the clergymen and people. The editor was sorry that he had to leave so early.

If you can believe weather forecasters Mr. Grounch we will probably have six weeks more of winter. Four days this week certainly gave us bright sunny weather and makes us hope that the ground fog will be mistaken as we would all like to see an early spring.

The young boys in the teen age want a place to meet as a club room during the week. Wouldn't it be nice thing to use the main floor of the old school house for basketball practice, etc. This class is under the direction of Francis Ferris and Sybert Martin. We have a band now under way. Come on, help show the boys we are interested in them. You don't know what your son can do unless you encourage him. UPRISING IN CHINA ALARMING

We are indebted to Miss Jackson, the Arlington Heights community nurse for the following letter, which was written by a friend who is doing work in China. This letter gives another view point of the situation in China. While it was written several weeks ago, it explains some of the notices that are back of the present uprising that is alarming the world and which has resulted in the sending of American marines to that country.

Miss Suffern is a graduate of the Joliet township high school in the class of 1911, and following a collegiate course at Illinois Wesleyan was sent as a missionary teacher to Hingwa City by the Methodist church. Three years ago when in this country on furlough Miss Suffern addressed many Methodist missionary conferences and meetings in the United States and her safety has been felt as to her safety. The letter which is here quoted, was written Dec. 4.

China on Move

"China, that seemingly immovable country is at last on the move, much is true of what you see and read in the papers is a matter of opinion. We here in China do not know what the American papers are printing about the war and the rumors of war at the present time, but in order to give you some idea of what we are going thru, and the same time to let me substitute for the houses have been built the past year in the west part of town. If Franklin Park does as much building next summer we will soon have to extend our sidewalks to Mannheim road.

The high school moved into their new building Monday, Jan. 31. One never knows what hard work a board has to accomplish as big a project as this and we all praise the efforts of each one of the members for the good work they have done. We want to give Mrs. Dr. Dodge who is secretary of the high school board, a lot of praise for the efforts and time she has spent on this work.

Mr. James O'Malley is back on that job again after his few days sickness. We are glad he doesn't have to go to West Baden again to regain his health.

Mr. Bert Miller is taking one of the shifts on the Franklin Park Bus lines. We trust Bert handles the new bus as well as he did the Westcott.

Messrs. Bob and Ralph Larson spent a very busy two weeks firing up and towing stalled cars in to their garage.

Attorney E. J. Fitzgerald of Crown Point, Ind., spent the week-end with his folks on Rose street.

Time Lost in Effort to Capture Happiness

For many years now I have been watching the pursuit of happiness. What a beating of bushes! What a scurrying hither I have seen! It would appear that most people regard happiness as a kind of wild rabbit which they must hunt and capture. They pursue it with horses and hounds and ships and high-powered motor cars. They stop at no expense, yet I have not known a pursuer to capture happiness. They return to their homes disappointed. Often they have found the Angel of Happiness, after searching the world for her, waiting for them on their own door steps, and she has welcomed them, and for a day or two they have been filled with the light of her countenance.

"At last," they say, "we have captured her."

Then suddenly she is gone.

"What we need is more money and a bigger house," some of them have said.

And this has been a too common plea: "If I had another husband or another wife—some one who really loved me and my great purpose—then I should be able to find happiness, and I am sure that she would stay with me."

All these incidents of the chase I have witnessed and the tragic failures which have followed. I have come to think that no one who pursues happiness can ever hope to catch her. And here I am in accord with good authority. Mr. Herbert Spencer has said that life consists in being in correspondence with environment. What then is happiness but a full correspondence with a good environment? How may one achieve it if his environment is forever changing? From "Opinions of a Cheerful Yankee," by Irving Bacheller.

Lure of City Holds Even Poorest People

The hopelessness of efforts to induce people to move from the crowded cities to the serenity and

beauty of the country, according to the Lincoln Journal, was brought home to a Londoner who was asked for a copper by a hobbling old man. When he asked why he did not live in the country, where his old age pension of ten shillings a week would go much further than in the city, the old fellow was ready with his reason. "I should be miserable there," he said, "without the refinements of London life." When pressed for particulars he said that these were the music of the parks and the benefit of the public libraries. He was very fond of the British museum. George Bernard Shaw was his favorite author. And there his list ended. It reminded the hearer of the old people in a Shoreditch almshouse who didn't want to be sent to the country. They liked London and didn't want to be kept awake by the nightingales. One of them liked best of all sounds the clip, clop, clip, clop and the jingle of bells on the hansom cabs. What is the humanitarian to do with the people who are so human as that?

Springtime in Mars

It seems almost useless to speculate upon the conditions existing on the planet Mars when we realize that under the most favorable circumstances the best views and photographs show the planet smaller than the butt end of a lead pencil. So that the "markings" seen on the planet cannot be very pronounced nor the changes of color which take place from time to time. However, the opinion grows that the dark patches which appear on the red disk when springtime comes on Mars and the polar snows melt, can now be declared to be plants or shrubs or moss, or, at any rate, something green that grows.

When the polar snows melt on Mars, the water flows into the dry places and the deserts become alive with vegetation. All this happens very quickly and we may reasonably speculate great marshes are formed.

Franklinites Pay
Homage at Statue

The Benjamin Franklin, an association of Chicagoans named in honor of "Poor Richard," made their annual pilgrimage to the Benjamin Franklin memorial in Lincoln park, the 221st anniversary of his birth, laid a wreath on the pedestal of the statue and paid tribute in oratory to their patron saint.

Benjamin Franklin Bills, the speaker of the day, portrayed Franklin as a statesman whose spirit of persuasive compromise made possible the establishment of a strong central government in relation to national affairs, retaining at the same time the sovereignty of state government in relation to local affairs.

"Franklin was truly the great American pioneer in the many fields of business, diplomacy, education, finance, invention, letters, philanthropy philosophy and science," continued Mr. Bills. "His many-sided life in his day was more remarkable even than that of Roosevelt in a later day."

"Franklin was the only one of the founders of the republic to sign all four of the great state papers that achieved our independence: the Declaration of Independence, the treaty of alliance with France, the treaty of peace with England and the constitution of the United States."

"Not irreligious but merely non-theologic, his purpose was rather to distinguish theology and restore religion, and his contribution in revising the prayer book of the church of England to that end was one of his most important contri-

But you are interested in the local news? Do you want to see all the news from week to week? If so don't forget that the local editor can't cover the entire village every day but has a telephone that reaches you all and if you don't want to call Bensenville 75-R at any time and he will be glad to take any notes you may have. All items must be in his office by 4 p. m. Wednesday to insure publication that week as we go to press Thursday. Last week with the exception of a few lines our local and city advertising filled one full page. Let's make it two full pages. The Register is read by thousands of people who are anxious to know what is going on in Bensenville and how we are progressing. Let us give them all the news. The more the better. If you have a friend who desires to subscribe tell the local editor and he will gladly visit them and get their subscription.

Mr. and Mrs. Fred Devanin entertained some of their friends at their home last Saturday evening. Cards were played and Wm. Cuenne states that we can't say "As Usual" about him this time for he didn't even win the booby prize. However William is very lucky playing anything from 66 to 500 but to be sure he has his off nights and Saturday was one of them.

From the way our local phone man, Mr. Carleton Brown, is seen jumping around with his car pretty well loaded with new phones it looks as though every home in Bensenville would soon be supplied with a telephone. In fact it looks as though the company would soon have to put out another directory in order to get the names of their new subscribers before the public.

D. Smethurst who spent a week with his parents at Waukegan, Wis., returned to his work on the railroad Monday. He reports having seen lots of snow and 26 below zero weather in his Wisconsin home. Well it was cold enough here to suit us.

The big snow which came quick and is going away about as fast is making streets wet and sloppy but thankful are we all that York street will be high and dry this year and we hope that the sight of dry going on this one street will be an incentive to the village board to get into the paving work as far as possible this year. Paved streets and cement walks will cause more people to be interested in the Chicago's best suburb. Property can still be bought here at a very low figure considering the improvements that go with it. Homes can be erected for much less money in Bensenville than in Chicago and one can enjoy the fresh air and still be only thirty minutes from Chicago by any of the fast trains. Why should not home builders be interested. They are and will be more interested when every street here is paved, cement walks in and the postman in uniform delivers their mail at their homes daily.

Miss Metcalf, sixth grade teacher, who was called to her home in Columbus, O., a few weeks ago by the fatal illness of her father has again returned to her duties here this week.

The I. O. O. F. gave their annual dance last Saturday night as advertised and it sure was a great success. Nick's orchestra, as usual kept the air full of music and over 400 dancers enjoyed the annual dance. Autos were parked from Irving Park to the railroad track as well as the space between the social hall and the city pumping station being filled with autos. The committee in charge were well pleased with the turn out and feel sure that all present were well satisfied. Dancers came from miles around to attend.

Bensenville's new drug store opened up last Saturday and Mr. Sayles was well pleased to meet so many of his future customers on his opening day. It is sure a well equipped place and all who visit it were pleased to meet the proprietor who always has a smile and a cheerful word for all who drop in to his place of business.

Mrs. Chester Franzen of Elmhurst spent Tuesday afternoon with home folks at Bensenville, returning home with her husband after her days work was completed in the First State Bank where he holds a position.

The Barraca class had made arrangements to have a sleigh ride party last Monday evening but the weather man again got his work in a little to soon and as the snow

contributions to the religious thought of the lay, not only in England but in America.

**Farm Outlook
Continues Better**

A brighter picture of agricultural and business conditions in the northwest was portrayed recently by Roy A. Young, governor of the Federal Reserve Bank of Minneapolis.

The farmer, thru diversification and other means, has greatly improved his condition, said Mr. Young, who was one of the speakers of the midyear meeting of the Chamber of Commerce of the United States.

Delegations from more than 100 cities in twelve middle western states were here for the two-day sessions. One day was devoted to discussion of agriculture as a business problem, while waterways and freight rates will be considered later.

"The surprising part of the whole thing is that we have been able to stand up as well as we have," declared Mr. Young. "There must be an earning and debt paying power in the 9th federal reserve district to cause the following results:

"There has been a reduction of indebtedness of member banks to the federal reserve bank from \$15,000,000 to \$3,500,000.

was about all gone on the evening named the party had to be called off for the time being. Well if the weather man don't see fit to send any more snow this winter (and personally we hope he don't) then the party will no doubt be changed and given later.

There is an important question to be settled by ballot Saturday, Feb. 5 and every voter should study the question to the fullest extent and be sure that they have a voice in the matter. No voter should carry an opinion that the matter is of no importance. Any question put up to the voters is important and no voter that has the interest of his community at heart will set aside by and take no interest at all in the matter. Be sure and make a careful study of what the outcome is going to be if the proposed question is carried and what it will be if defeated. The time to properly decide the question is at the polls and if the question is not settled as you think it should be just ask yourself if you were interested enough to vote as you thought right.

It is sure a pleasure to sit in the meeting room of the Bensenville village board undisturbed by the noise of passing trains since that room has been lined with Celotex. This new lining not only improves the appearance of the room but keeps out the noise that formerly caused all conversation to cease when trains were passing the village hall. It sure was a wise move on the part of the board when they voted to use Celotex, the new cold, heat and sound proof lining.

John Mollenkamp of West Maine and Arthur Haula of Elk Grove, two up to date farmers have bought Bollens tractors of Oscar Franzen to plant and cultivate their truck gardens. These machines save time and do better work in one third the time than hand machines.

The cantata at Freidens church Sunday evening was a wonderful treat to those who attended. The entire choir dressed in black robes with white collars, as they arose together made a beautiful sight and as their voices pealed forth in song one was astounded at the wonderful talent that had been gathered for the community chorus. Rev. Schirmer is a sure born leader and carried his chorus all the way without a hitch. The entire program as printed in last week's Register was carried out. Services were not held at the other church that night as the chorus was composed of voices from both churches as well as some from Elmhurst and the attendance of both churches gathered at the Freidens church for the cantata. The church was well filled and the program was enjoyed by all. An offering was taken from which the expenses of the cantata will be paid and the remainder turned over to the committee in charge of the arrangements for building of the new additional buildings at the Orphan Home.

Another real estate deal was completed Monday. Mrs. Scherer sold his cottage on Pine avenue and purchased the new home recently built on Center street by Harold Franzen. We are informed that Mr. Franzen also has a buyer for the Scherer cottage. Even in the winter's snow real estate in Bensenville is changing hands and several new homes are under construction.

The icy walking caused one accident in Bensenville when Mrs. Schmidt fell and sprained her ankle. She is however able at this writing to be around the house and is improving slowly.

Mr. and Mrs. Edward Sprandel visited Ed's sister in Chicago Sunday.

Mrs. F. A. Suter (nee Miss Bodenburger) of Palatine visited her mother Wednesday also attended the meeting of the C. M. & St. P. Woman's club.

Mr. C. A. Franzen has gone to Arkansas to spend the remainder of the winter with his son. Mr. Franzen went to Arkansas early this winter, returning later to attend the wedding of his daughter, Miss Hulda and was called again to his Bensenville home to attend the funeral of his brother.

Our readers should read the Bensenville business men's advertisements every week as there is some thing different from week to week in them and especially this week some good level headed bargains will be found. Watch their business increase and don't neglect to take advantage of these money saving bargains. Our business men are all wide awake and if you give them the proper support they will be able to reduce your living costs a great deal. All they ask is that you give them a chance to supply your wants and they will prove to you that it pays to "Trade at Home."

P. T. A. BENEFIT PLAY

Notices are up saying that there will be a chance to vote Saturday Feb. 5, at the village hall for or against making Salt Creek a conservancy district, now this may or may not be what the citizens of this district want but only a few know what it really is about. Would it not be a good idea before asking a community to vote on so large a project to give some publicity or explanation so the general public could understand how to vote and what to vote for.

WILLIAM F. SENNE

William F. Senne passed away at his Itasca home Thursday morning. About three weeks ago he underwent an operation on his neck, which had troubled him several weeks. He came home and under the care of a trained nurse seemed to be gaining when he suffered a heart attack from which he did not rally.

Deceased was born in Itasca on March 28, 1883, where also his boyhood days and youth were spent. He married Miss Ellen Boehning of Elgin May 25, 1905. They lived in happy wedlock sharing the joys and sorrows of life. Of the four children born to them one died in infancy. After residing in Elgin 15 years the family moved to Itasca about seven years ago. Mr. Senne was a home builder who spared no efforts to have his family enjoy every comfort of life. One of his dreams was realized and it was a happy home when about two years ago he with his family took possession of their fine new residence on Maple Avenue and Division St. He thoroughly enjoyed this new home and devoted every spare moment to beautify its premises. Mr. Senne was president and general manager of the Senne Fur Co., located in the Hearst Building, Chicago.

But he was equally as well a

church and kingdom builder. He very generously supported the Evangelical church of which he was a member. His gifts to the church were generous and gladly given. He did much to make the removal of the church to Itasca and the building of the new parsonage an accomplished fact.

However his vision was not narrow; he was ever ready to support the needs of his church in a more general way and respond to appeals outside of his denomination. But he shrank from having his gifts made public. "I do not want this mentioned," he would say. He gave not to gain praise.

His premature death at the age of 43 years, 9 months, 29 days, is very keenly felt by his sorrowing companion, his daughter Helen, and his sons, Daniel and William Jr. He leaves besides to mourn his wife, his aged mother, his brother, Mr. John Senne, his sisters, Miss Sophia Senne, Mrs. Martha Rosen, and Mrs. Mary Bretmann.

After a short service at the Wm. Senne residence at 12:15 p. m. Sunday, the body was taken to the Evangelical church in Elgin where services were conducted by the Pastor, M. Gronewald, Pastors Philip Beuscher of Aurora, F. Theiss of Naperville, and John Marth of Batavia assisted in the service.

The many beautiful floral pieces from friends and near and dear evidence of the high esteem in which this friend was held. The burial was in Bluff City Cemetery, Elgin.

"Second Story Peggy" a top notch comedy, is to be given by that wide awake "bunch" the Community Players, in the high school hall, Feb. 8 and 10. This new play has all the telling hits, and thrilling unravelments of the very last word in comedy. All who have witnessed former plays given by this group, need only be told that Mr. Homer J. Byrd has the leading part and that Miss Margaret Rubner is the star, as Second Story Peggy, and hearing this we are sure that seats will all be taken. No need to urge any one who witnessed "Her Step Husband" to help fill the house, when this brilliant company have a play on.

The date, Feb. 24 and 25 at Trinity school hall.

LeRoy Thiemann left Saturday for El Paso, Tex., to visit relatives.

Two of our local business men, Clyde Brownson and George Stuerzebecher, bought new hats last week. The bands in the old ones became rather tight. They also tossed out cigars. Mrs. Owens was re-elected vice-president of the Catholic Women's club of Bensenville Wednesday afternoon.

The pupils of the Wooddale school went on a sleighing party Jan. 29. If you really wish to have a good time, get acquainted with the children. They find pleasure even in nothing. Besides they have not learned to find fault as so many older folks do. They thoroughly enjoy life, a fact which is often overlooked by people who are too busily engaged to pay attention to them.

Miss Glay's Hacker presented the play "Cinderella" at the school Saturday. She had trained the children and they reflected her ability. Charlotte Schroeder was Cinderella, and Hazel Hacker, the prince. Others who took part in the play were: Irene Kroeger, Ethel Schulenburg, Grace Schroeder, Lois and Emma Ferrin. Their costumes were very pretty. The sketch was very pleasing.

Reflections

The majority of people have learned economy with money, but a far more valuable frugality is the economy of oneself.

We think the other fellow's position is splendid until we have his work to do.

Genius is worth while but common sense is very useful.

If judged by our wits, many of us resemble peacocks rather than sages.

"Jazz" and poor books are on the same level. Neither does you any good, and both corrupt the spirit of man whether he believes so or not.

The greatest men once wore dresses.

Many women would not soil their hands with a hammer or shovel but they are often willing to direct any task.

If we wish to live upon a higher level, we should begin with ourselves not by telling what our fellow man should do.—Winifred Bryan.

Mrs. Anna Peterson, "The Radio Lady" of the People's Gas Light and Coke Co. will give a free demonstration of "Cakes and Icings and Deep Fat Frying" at the Itasca Village Hall Friday, Feb. 18, 1927 at 2:30 p. m. sharp, under the auspices of the Itasca Woman's Club.

IN MEMORIAM

In loving remembrance of our dear beloved husband and father, Henry Huenerberg, who passed away one year ago February 5. No one knows the silent heart-aches

Only those who have lost can tell Of the grief that is borne in silence

For our dear one we loved so well More and more each day we miss you.

Friends may think the wound is healed, But they little know the sorrow That lies within our hearts concealed.

—Loving Wife and Children.

It is suggested by a Virginia man that automobile license tags be issued "for the life of the car." And at that, some of 'em would not be needed very long.

LADIES INVITED

Northsiders Have Big Lead From Southside

Did we hear some northsider claim that brawny muscle develops faster north of the track than it does on the southside, or is it all because the southside fellows are so busy working that they have not the time to keep in proper fighting trim?

The above is all about the match bowling tournament between teams from the two sections of Arlington Heights. The first six games between ten men teams were rolled last Sunday. The northsiders have

a credit balance of 911 pins. The fellows from south of the track are not discouraged however and are game sports and will not even listen to a suggestion that the lead of the other fellow is too great for them to overcome in the next series of three games that will be bowled the coming Sunday afternoon. As one southsider says, "We are not going to surrender. We will be carried home on our shields."

Of the northside team, there are five men who are members of the Peier & Gorsuch Jewellers team. Sunday evening, the final three games between the five best men of each side, will be rolled. Perhaps the present losers are only under that the fall of the northsiders may be all the greater.

Some More Northside Dope
The Jewellers added to their lead on first place by taking three straight from the Peoples State Bank. The Sweet Shop took two off from the Elevators, while Koehler took two from Blatz. That is the story of the Tuesday League.

Harris & Oltrogge pulled a surprise upon the leaguers. They had a flock of "mallard ducks" for the boys to shoot at. They brought out the new pins, "A. 1 select," which are marked with black rings. Some of the boys at first were a little bit afraid that some game warden would be pinching them for shoot-

ing at the "birds" out of season, but they soon discovered that although the "select" pins cost more money than the common kind, they will fall the same as the other kind, if they are hit right.

Near 300 Score
Marvin Harris shot "297" Tuesday afternoon. With an even break from the spectators, he might have been able to have made another "300." Better luck next time, Marvin. His opponent in the game could not keep from "razzing" Marvin a bit.

Monday's League
The Kehe motors won three games from the beer slingers, which puts them in first place. They have been tied with the cement works for that position for several weeks and while they are all out of wind and just able to roll over to the end of the bed, their erstwhile opponents are only motors in danger of being shoved out upon the floor almost any night.

The A. B. C. lost to the Cement Works.

LISTEN! HOLD YOUR BREATH
Bill Duenn and his barber, who won three games, this team has lost so many games that they felt like footballs, in which every Tom, Dick and Harry kicked about the arena. We will not tell you why they won the series. We will just give them a mark of "100" for the night. Their average was something below 100 and Bill has been threatening his pupils to send them back in the next lower grade. Bill was as much surprised as the pupils themselves. The youngest member of the team, Bill Duenn, Jr., took the high game of the evening, beating Bill the teacher, by one pin.

OBSERVER'S NOTES

Some children quite clever declare. The dress they like teacher to wear. And they show snobbish pride. When a child by their side. Don't quite dress up to their fair. Can you ever suppose. That a beautiful rose. Scorns flowers near her less fair?

A little child should never be allowed to think of dress. Children like flowers need no adorning. The beauty and bloom is destroyed in any child who thinks of and takes pride in dress. More and more I believe in a uniformity in dress for children in schools, and for teachers I'm sure it would be a great relief. Somehow it destroys something in a child's charm for me, when it calls attention to its dress.

I so well remember when the present Mrs. Frank Lowden was a pupil in a private school for girls, hearing the mother of one of her class mates say, if all mothers would be as sensible about their daughter's dress as Mrs. Pullman was, it would be a great relief to all mothers. From beginning to end of the winter term Alice Pullman wore her navy blue flannel with linen collar and cuffs. Think of our young school girls now, and how some are dressed.

Do children think too much of dress now? Ask some of our teachers. To keep a child clean and sweet and unconscious allows them to grow as a flower. To lead them to think of clothes, is like painting the lily or gilding the rose. I saw a little girl in a school picture, who had on a silk gown, bright and better than the other children wore, and she was so busy, arranging its folds and thinking of it she forgot her part.

From Miss Margaret Telfer of Kenosha we learn of the death of Mrs. Sherrott, who died recently out in California. Maggie boarded with her while attending Cook County Normal and her daughter, Mamie Sherrott, was often here and was well known among the girls in Maggie's class and among the adults, who will be sure to remember the Sherrotts.

Miss Telfer writes that her school work has been unusually pressing the past year. In the Kenosha, which puts her down to the Heights to get old friends some time when spring comes. As when here she is still actively engaged in church work, and we all know how busy is the life of a teacher. It would be good to see Margaret again.

Got a laugh on me, last week when I spoke of Adolf Dieckrick as the little son. Well, he was a "little son" when I last saw him. It is with these children in Arlington Heights just as it is with the town itself. We think of them as little children, unless they parade before us in all their grownupness. And so we are wont to speak of our "little village," even when it boasts of five miles wide from here to there. And is in fact a city. By the way why not put long trousers on the village and acknowledge it a grown up city?

Spring is coming. One sure sign came the other day in the shape of the Flynn-Gabel Poultry announcement. My! how those pretty little flossy chicks almost tempt me to break a resolution not to any longer keep chickens. Nothing was ever better than our old Barred Rocks, such as this circular so beautifully pictures. Just now with chicken thieves so numerous, whether to keep poultry or not to keep poultry is a question. Noticed of another large theft from a Chicago commission house, 1,600 choice fowl. Many saponins in the "Poultry keepers" need not only "Barred Rocks," but barred poultry houses as well.

One of our great poets said fine things about the peace that came in the "silent mood." That is true, and yet to me the best cure for worries, comes in seeing little children. To watch them some how makes the cares vanish and the breath come unburdened and free.

From woodlands, each friendly tree Routes worry from the heart of me. When it shade delays. Yet, fall and freer breath I draw. And life glides on without a flaw. When I see children playing.

Our own are grown up people now. Far away from me—somehow. Though I find myself regretting. It hurts to see them older grow. And as the years move on to know They are our love forgetting. And so, today it comforts me. Our neighbors children here to see. So like those others, playing. For children all do ease my heart. Which gives to every child a part. Of all my love, and praying.

Down in the Harry Garland apartment the ban "Swat the Fly," activities early. Mrs. Blume, on fun intent, sent a "dummy" fly up from Texas. Mrs. Garland, thinking to play a trick on her mother, put the little deception in her bread and she duly alarmed at the early approach of those house wife's pests, cried out "a fly!" Mrs. Emma England hearing the cry came bearing down valourously with her ever ready swatter, and gave the poor insect a heavy blam, when lo! it was no fly at all, just a little joker from Texas.

Thought you were sick didn't you? Thought your coat the "most malignant ever" and felt mighty sorry for yourself, hadn't been out for over a week, and when you did creep out everyone you met, expecting a bit of sympathy. You didn't get even a "civil hearing." It was: "Oh, yes, mine has been even worse than that," and if you spared the doctor by not calling him they will say "Oh, I had to have the doctor." Oh yes, "everybody has it."

Mrs. A. F. Volz received a letter from Mrs. N. C. Volz last week in which she expresses their pleasure

in their new home and surroundings at Long Beach, California. She describes the climate as mild and delightful. Says it is much cheaper living out there than here. That the gardens are yielding fresh springtime vegetables. She said attending church, that she and Mr. Volz felt quite young as the large congregation was made up largely of elderly people. They see much of Rev. George and Miss Amanda Ellerbrake, who are near them—and they enjoy being with them very much. She speaks highly of the young ministers splendid work in his church.

You know what? I am studying seed catalogues, and in a month or two, I'm going to write out there and tell them "gardens here are doing fine, have all kinds of fresh vegetables and to tell the truth, we can get them most reasonably this minute, at four or five places in this town; And you never saw nicer crisp lettuce, or spinach, nor any thing finer than the new cabbage (maybe) dogs and children, and Florida) but its here and we get it reasonably too.

Speaking of the "Dog Derby" may I here relate a legend, not often heard: It was in Jerusalem. A poor dog lay in the street, a group of Jews and Arabs, who despised all canine creatures were heaping vile epithets on the harmless carcase, when Jesus stood in their midst and pointing to the dog said, "look you. You say nothing good of him. Yet pearls could not be the beauty of his teeth." This illustrates The Master's example, to search for the good in everything.

Have a whole budget of live dog stories. I'm saving up for Dog Derby week. Dogs and children, and horses are my hobby but not hobby horses. And right here in these notes I want to remind you to be sure and secure your tickets early for the Community Players presentation of "Second Story Peggy," on February 8th and 10th. They are playing for the good of the community, let us show our appreciation, by patronizing the play, and enjoying a fine vigorous well given play, and a delightful entertainment.

My heart always aches for parents whose children grow up and leave the home nest. Have felt it with our own of Kin. O, yes, it's the way of the world and its right, none the less it leaves a void and too often heart ache.

A little girl climbs up the stairs, And stands by me when tired of play— Putting me through such question-aires As would turn a solon gray.

"Why is the moon, and why a star? And why the dark we cannot see. Why so many big folks who are Just as naughty as ever can be?"

Why are we sorry, sometimes glad? And why do grown-ups say we should Do as they say—or we are bad, When I don't think they're very good?

And where do folks go when they die? And what is love, like I love you? Why—no matter how hard I try I do things, I don't mean to do?

I held her close, as with a sigh— I said, dear child, I do not know: Little one, will you tell me why With all my heart, I love you so?

She looked at me with dreamy eyes Her little head began to nod, She said, I 'spect that all our "whys."

We'll have to send right up to God!

Thursday afternoon the funeral of one who was liked by all of our citizens was held and he will be missed by many.

William Frazer who has lived in our village for quite a number of years died at the hospital in Chicago Sunday evening. He took seriously ill last Friday night. Old William Frazer was a good, congenial man, who did what he could for his friends. He was glad help in every way.

Mrs. Jahncke was operated on in one of the Chicago hospitals and reported as doing fine. The operation was performed last Saturday. Mrs. Israel is another of our ladies who in the same hospital, and was operated on Tuesday morning. She is also reported doing well.

Mr. Fred Schaefer is confined at the Palatine hospital due to the injury to his foot some years ago. We hope that all of our friends will be with us again enjoying the best of health. Dr. Koester is handling all of these cases and from the way the people are calling on

the doctor we know that she is quite busy and enjoying good success in getting her patients back on their feet.

Dr. R. S. Williams, our new dentist is also a busy man and we hope that it will always be so. Dentist Williams is at his local office on Wednesday and Friday evenings until 9 p. m. so that he can take care of his patients in the evening and also emergency cases should such arise.

Tuesday evening, our Village board held their regular monthly meeting, which was called to order by President William Busse. All trustees were present.

Clerk Edwin Busse then read the minutes of the previous meeting and also the treasurer's report, both were approved and placed on file. All bills were ordered paid. Arthur H. Fleisch was re-appointed a member of the board of appeals.

Another petition was presented to the board requesting that the street of the older section of our village be paved, this petition was signed by practically all of the property owners in the district affected.

This petition completes a project that should have been practically completed in 1927. This is a wonderful improvement and it is hardly

Support the local merchant as he supports our village with his license fees and taxes, just the same as you do. It is up to everyone of us to trade with our local merchants and show our faith in our village business men.

All of our local merchants are enjoying a good business and are hoping to enjoy a real year in which they can offer honest and exception bargains to their patrons.

Our real estate operators are all reporting the outlook for this year's operations as bright and prosperous. They hope to increase the population of our village by a considerable percentage. We hope they realize their ambition and that the homes will be built which our residents will be proud of. What is better than a steady healthy growth such as we have enjoyed for the past few years.

Our citizens band is as busy as ever getting in readiness to help put on some big village doings. We hope that we may be permitted to hear some of their programs this summer. The band has quite a number of members and it must be said that every one of them is 100 per cent for the band and they are practicing with regularity.

"Second Story Peggy"
By Community Players

"Second Story Peggy," a top notch comedy, is to be given by that wide awake "bunch" The Community Players, in the high school hall, February 8th. This new play has all the telling hits, and thrilling unclimaxes of the very last word in comedy. All who have witnessed former plays given by this group, need only to be told that Mr. Homer J. Byrd has the leading part and that Miss Margaret Rubner is the star, as Second Story Peggy, and hearing this we are sure that seats will all be taken. No need to urge any one who witnessed "The Empty House" to help fill the house, when this brilliant company have a play on.

Northfield Evangelical Church Services Feb. 6th as follows: Morning worship at ten with message by the pastor. Theme, "Our Benevolences." Special music.

The Christian Endeavor meeting will be held at seven o'clock. The monthly business meeting with the election of officers will be held next Monday evening, Feb. 7th, at the I. N. Hubert home.

At seven forty-five the Woman's Missionary Society will be in charge of the service giving a program which promises to be well worthwhile. An offering will be taken to help in the building of our new church in Washington, D. C.

Prayer meeting at seven thirty Friday evening and choir practice immediately after the prayer service.

A good many of our folks have been having colds and similar ailments some of which have been quite severe. We hope all will soon be restored to health and that we shall see them next Sunday. Please inform your pastor of any illness of which you have knowledge. C. F. Schriver, Minister.

"93"

This is written as an appreciation honor to whom honor is due. Wheeling's appreciation of her Greats and Near-Greats has been most conspicuous because of its absence.

There may be few Wheelingites who do not know that our community has produced a Maine Township high school valdicatorian. Some may not be aware of the fact that three of our young people were placed on Maine's branch of the National Honor society. Some may not know that one of our young men was president of his class during his sophomore year at Maine. This honor was all the more unusual because it came to one living outside of the high school district. Home town boys and girls invariably carry away this honor.

As I write about these things my pen becomes so enthusiastic it runs away with me and almost makes me forget my original intention of writing about our latest prodigy in the field of athletics. Of course you know to whom I refer.

There are any number of trophies in our Wheeling school hall. Every Wheelingite should be proud of them. They remind us of many a hard fought contest in which our boys or girls carried away honors, and our own "93" (as he was known in football parlance at Maine during his senior year) was instrumental in the bringing of a number of these trophies to our district.

Now let's be more specific. He made the light weight team as a freshman and was awarded an "M" and during his second, third, and fourth years he was awarded "letters" because of the outstanding part he played on many a gridiron as member of the heavy weight eleven.

Each year the Maine Alumni Association awards a silver football watch charm to the player considered to have been most valuable to the team. This charm was awarded to "93" this year.

Maine is a member of the West Suburban Conference which means that the boys at Maine must meet the boys of such towns as Hinsdale, Elmhurst, Downers Grove, etc. Each year, at the end of the football season, the coaches of these schools pick an all-conference team. This year four members of Maine's eleven were chosen and "93" was one of them. He was

awarded the position of half back. The mainly bosom (ahem) of our prodigy has not enough square inches to carry all the letters awarded him by his school. Besides the four football letters he was awarded one letter for track work and another for work in baseball. And there is no doubt whatever, but that he will be awarded another track and another baseball letter before graduation.

So I say, honor to whom honor is due. It seems Wheeling folks treat athletes as most folks treat prophets, "not without honor save in their own country." So I would bring this little banquet to "93". Of course you know our Wheeling prodigy is none other than "Joe" Behm.

**Efficiency**

DOWN the road it travels, one of the most efficient things on wheels. Coils of wire are stored inside. Tools are in the snug lockers. Pike poles and shovels are in their racks. A big winch is bolted to its frame and there are pipes of steel from which to form a sturdy derrick.

Sometimes it draws a trailer loaded with long, straight poles. Sometimes it bears a heavy reel of cable. Often its load is men.

The telephone truck gets many a glance as it passes. For whether on the peace-time job of construction and maintenance or bound to where snow and sleet have made for it a battle ground, it means power, speed, efficiency, economy and human loyalty, united in the task of making telephone service better, broader, more dependable.

Some people don't believe in the ground hog as a weather prophet. They rather accept other signs. Some report a robin singing on Georgian street. One dignified aged man is parading our streets wearing a straw hat and we saw street commissioner with his big wagon picking up tin cans and gathering garbage so why should a poor ground hog who never attended even a country public school, know more than a college graduate like Prop. Cox who devotes his experience and scientific research to weather prophecy.
